FIRE DESTROYS BAKING PLANT OF LOBACO CO.

THE LOSS IS VERY HEAVY, WITH ONLY A SMALL AMOUNT OF INSURANCE.

Last Saturday morning soon after three o'clock the citizens of Louisa were awakened by an alarm of fire. The large bakery owned by the Lobaco company was found to be in the throes of a fierce fire and the flames had made such headway that it was impossible to stop them. Two lines of large hose played heavy streams of water on the fire and on the adjoining buildings.

Dixon, Moore & Company's wholesale grocery adjoining the bakery looked to be almost a certain victim of the flames when they caught in the elevator house on top of the building, but by heroic efforts the flames were extinguished before much damage was done. Water damaged a quantity of goods near the elevator shaft.

The dwelling house of T. B. Billups, on the west side of the building, was considerably damaged by fire and water. The damages on the wholesale grocery and the Billups house are covered by insurance.

While the fire was raging a heavy explosion took place in the bakery building, throwing bolts and burning timbers in all directions. Many window lights in the vicinity were broken. Seven windows in the residence of F. T. D. Wallace, Sr., were broken and the roof was set on fire, but the flames were soon extinguished.

Nothing was saved from the bakery building except the furnishings and stock in the attractive fountain room, where soft drinks were served.

There was a large quantity of flour stored in the building. It is said. Half a car load was hauled from a car and placed in there that night. The men worked until about midnight at this job.

We have heard estimates running all the way from \$50,000 to \$80,000 for the loss. Only \$7000 insurance was carried, \$4000 on the building and machinery and \$3000 on the stock.

Some theories as to the origin of the fire have been advanced, but as yet nothing definite has been learned, so far as we know. B. E. Adams, the active head of the business, says it was undoubtedly of incendiary origin.

The walls of the building are standing, and with the exception of one place they seem to be in good condition. It was a large brick building, erected about two years ago. The bakery equipment was modern in every respect. Large shipments of bread and other bakery products were made every day to the coal fields and towns of the Big Sandy and Tug river valleys. Quite a number of people were employed.

The Coca-Cola and soft drinks plant across the street belongs to the Lobaco company. A statement has been issued to creditors stating that the company has ample assets to pay all indebtedness.

The question of whether or not the plant will be rebuilt is being asked on all sides. We have heard it stated that it will not be rebuilt. On the other hand it is said there is a plan on foot to rebuild and include a good ice plant and cold storage business. This report says the plan is to increase the capital from \$50,000 to \$150,000. The latest information that appears to be reliable does not give much encouragement to the rebuilding proposition.

Besides being a lamentable destruction of valuable property, the loss of the business is deplored by this community. It represents one of the heaviest losses ever sustained in Louisa as a result of fire.

STREET PAVING WILL BE DONE

The City Council and several of our most enterprising citizens have about perfected arrangements to do the amount of paving planned and provided for months ago. The difficulty in getting bids was due to the fact that contractors want the money to be ready as the work progresses. This was difficult because of the laws, but a number of citizens will join in an arrangement that will get the funds. Lock avenue will not be paved because of a controversy with the water company. The water main on Lock avenue is the old spiral pipe originally laid and has not been replaced with standard cast pipe. The city can not afford to pay paving over this line, where leaks occur so often. For this reason the paving will start at Lock avenue and continue as far as the money will permit. The State aid money will be available on this work as heretofore announced.

CHAMPION PUGILIST BORN NEAR HERE

The prize fight for the heavyweight championship of the world took place at Toledo, Ohio, July 4, in the presence of more than 20,000 people, who paid from \$10 to \$50 apiece to see a brutal exhibition lasting nine minutes. Men had come from foreign countries to witness an affair that was practically settled by one or two blows, delivered in the first two minutes.

From the standpoint of a fight it was the poorest championship contest ever witnessed. Jack Dempsey really whipped the Champion, Jess Willard, in the first round, when he dazed him with one blow and knocked him down five times. Willard came back for two additional rounds in which he was pounded unmercifully. Before the fourth started he threw a towel in the ring, indicating that it was no use to continue.

Willard had been champion over five years. He weighed 245 pounds and is 35 years old. Dempsey weighed 187 and is 24 years of age.

Dempsey Born in Logan. Dempsey's home is in Salt Lake City. He was born and partially reared in Logan or Mingo-co., W. Va., about 40 to 50 miles from Louisa. When he was a boy his parents moved west. It is said he has many relatives in Mingo and in Martin-co., Ky.

Dempsey received \$27,000 for the fight and sold his moving picture rights for \$10,000. Willard got \$100,000 and retains his moving picture interests.

PIPE LINE TO BLAINE VERY SOON

Nearly all the needed rights of way for the oil pipe line from Busseyville to Blaine have been secured and it is said the pipe is being shipped. The line will be laid soon.

A well on the Dr. C. B. Walters lease, two miles ahead of production on upper Blaine, is due to be completed today.

A good well was drilled in on F. H. Yates lease, four miles northwest of Louisa, adjoining tract of M. F. Conley, Trustee. The Ohio Fuel Oil Co. is operating the lease.

A well completed a few days ago on W. E. Queen's farm near Yatesville, is a profitable gas well.

The only limit on development in Lawrence county now is caused by shortage of drilling outfits and contractors.

GENTRY SHOW HAS ADDED NEW FEATURES

Performing wild animals consisting of lions, leopards, panthers and other species of forest bred beasts have been added to the Gentry Bros. famous shows until the title Wild Animal Circus has been affixed to the trade mark of this popular firm. The street parade will contain all of the favorite animal performers as well as the new department of performing wild animals. Clowns and other novelties that are new to this show will take part in the procession and all the little folks should be on hand to see the dogs, ponies and elephants in parade dress.

LIGHTNING STRUCK HOME OF JOHN P. GARTIN

The Herculean Labors of Woodrow Wilson

(The following is an editorial from the Cincinnati Enquirer.)

It is by the standard of those enormous labors of an old Greek demigod that the world has agreed to estimate the efforts and struggles of his successors. Many men have wrought tremendously since his day and proved themselves his not unworthy rivals, but it may be doubted whether in all those ages any one has ever toiled more ceaselessly or crowded greater achievements into a year of human life than Woodrow Wilson.

It is too soon to estimate the essential value of those labors, and we would not be wise enough to do so were it later. Of their magnitude, however, even the ordinary observer might pretend to be a judge. He would estimate them, first, by a physical gauge. Considered from the point of bodily energy only, what Mr. Wilson has achieved is quite astounding. He is not a giant; he does not even seem robust, and yet, through all these arduous weeks and months he has made long journeys, sat through tedious banquets, declaimed innumerable speeches, crossed the ocean twice and made other tiresome journeys; lost his sleep of nights and almost literally, like another Atlas, carried the world upon his shoulders.

To realize the drafts which have been made upon his intellectual energy one must review the problems which he has been compelled to grapple with. The fundamental question, as to whether we should enter the war at all, required a study of the policies of almost every nation upon the globe in addition to the effort to comprehend the thoughts and wishes of the people of these United States. Once launched upon the mighty enterprise he had to measure our national resources, organize our army and navy, plan for the raising of billions of money and set in operation the stupendous machinery to carry on a war three thousand miles away. Having embarked upon the stupendous undertaking of forming a "League of Nations," he found himself confronted by the most tangled web of politics which the gigantic spider of diplomacy had ever spun and compelled to measure wits with the acutest minds of Europe, Asia and Africa.

There was scarcely a quarrel which he was not compelled to understand and to judge, if not to settle, whether between the greatest or smallest nations of the world. It can be said without the fear of contradiction that since time began, no brain has ever been taxed with such innumerable, momentous and complex matters for solution.

And, finally, as to the strain upon his nervous system there is little danger of exaggeration. It must have been stupendous. Such responsibilities were never previously put upon a single human being. The destinies of the race reposed upon his shoulders. A single error might have sent the world to ruin.

We almost think the time has come to change the standard of effort from "Herculean labors" to Wilsonian achievements.

Morton Hammond, of Jattle, sold last week almost his entire herd of registered shorthorns to G. B. Belcher, of Glenwood. In this lot there are two cows that Mr. Hammond purchased from the Elmendorf Farm, Lexington, Ky. ARMY STRENGTH.

Total strength of the United States army July 1 was 953,581 men or 26 per cent. of its strength at the time the armistice was signed. Discharges during June totaled 400,000 officers and men. Discharges in July, it is estimated, will drop to 300,000 men. Total casualties in the A. E. F. are placed at 297,147.

PRESIDENT WILSON RETURNS TO U. S.

President Wilson arrived in New York Tuesday and was accorded the greatest welcome ever received by an American President. A great fleet of warships and airplanes met the George Washington at sea and escorted the ship to the pier, where a crowd awaited his arrival. A presidential salute of twenty-one guns was fired when the ships met the President's transport. A number of high officials were on the committee that welcomed the President to America. He left for Washington late in the afternoon.

President Wilson was escorted to Carnegie Hall in New York, where his ship landed, by a cheering crowd of citizens and high public officials. Gov. Smith was introduced by Mayor Hylan, who declared the President brought back a treaty worthy of a great nation. The President spoke briefly on the results accomplished by the Peace Conference and the crowds stood and cheered until the band played the "Star Spangled Banner." He left New York for Washington late in the afternoon.

On Thursday he spoke to the United States Senate on the subject of the peace treaty and the League of Nations. He will make a tour of the country to speak to the people about the League if the opponents continue their frantic fight.

Whooping cough is raging in our neighborhood.

On last Saturday morning the people were shocked when the news came that Cecil Walden, one of our best neighbors, was dead. The news was so suddenly thrust on us that it was so hard to believe. Cecil had been falling all spring, but no one thought he was seriously ill. His death was due to heart failure, and no one knew he was any worse than common until his wife heard him struggling. When she got to him he had ceased to breathe. He leaves a wife, two small children, one only one week old, an aged mother and a host of other relatives and friends to mourn his death. His body was laid to rest in the family burying ground to await the summons in the resurrection morn.

THE LOOK FOR

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.

OBITUARY

Rev. Robert French Rice has paid the debt of dying at the age of 79 years. He was a soldier of the war of 1861 and a soldier for Jesus since 1858. He was licensed to preach in the fall of 1869 and from that time to the date of his death he was in the work of the Master under the jurisdiction of the M. E. Church South. He has preached in Boyd, Carter, Lawrence, Martin, Johnson, Floyd and Pike county, preached more funerals, buried more of our dead friends than any minister in the Sandy valley. The writer has known Bro. French Rice since our first recollection, heard him preach when I was 8 years old which was 50 years ago. He was around my father's dying bed on the 6th night of March, 1870. Father requested him to lead his children to God which he promised he would do, and 20 years from that time four of father's children were converted under his ministry and if we continue in the faith a few more days or years at most we will meet uncle French on love's eternal shore.

He was known by an army of people and to know him was to love him. He was married to Elizabeth Hulet, oldest daughter of Jephthah Hulet, deceased, in the spring of 1857 or 8, and to this union were born 10 children—8 boys and two girls, of which 8 are living—7 boys and one girl. He often spoke of Tom and Lettie, his two children that had crossed the last river in full triumph of faith. Lord have mercy on aunt Lettie and her children. You will miss him from your home as a husband and father; the church will miss him as an able minister; the county will miss him as an honest, good citizen; the neighbors will miss him as a good kind neighbor. But the time of his demise had come; he had fought a good fight, he finished his course, he kept the faith. Henceforth there is laid up for him a crown of righteousness which the Lord the righteous Judge will give him.

at that day and not him only but thank God to all that love his appearing. Uncle French is gone. Far from affliction, toll and care His happy soul is fled, His breathless clay shall slumber here Among the silent dead. The gospel was his joy and song, Ev'n to his last breath; The truth he had proclaimed so long Was his support in death. Now he resides where Jesus is Above this dusty sphere, His soul was ripened for that bliss While yet he journeyed here, The church's loss we all deplore And shed the falling tear. Since we shall see his face no more 'Till Jesus shall appear. But we are hastening to the tomb, Oh! may we ready stand; Then, dearest Lord, receive us home To dwell at thy right hand. —ADAM HARMAN.

PRIV. PETE M'COY TELLS OWN STORY

ONE BIG SANDY HERO OF THE GREAT WORLD WAR.

In telling the story of Private Pete McCoy the following is taken from his home town paper—The Citizen of Prestonsburg. He lives at Thomas, Ky.

Wearing the Distinguished Service Cross, the highest medal by the U. S. Government to any soldier during the war, Private Pete McCoy appeared recently in Prestonsburg from Charlotte, North Carolina, where he had been decorated by Gen. Sam Fearing on Wednesday, April 16, 1919.

Here is Pete's story in his own words:

I was in a skirmish squad near Bellecourt, France, on what was called the "Hindenburg Line," near about the 29th day of Sept. 1918, and was in a detail to go out of our trenches into No Man's Land to locate and destroy some machine gun nests of the Germans. There was another skirmish line of our boys on the left of us, and our captain wanted to know just how far they were from us, or whether they were keeping up with us. He called me up and ordered me to go to my left until I got connection with that company. I saluted, was already fixed for business, said "Farewell" and started. I had gone a little distance with the machine bullets like a bee swarm all around me. Eleven of our men had been killed while we were out, and I was a little scared. The shells were coming and falling all around on the right and left. The smoke screen was so thick you couldn't see over ten or twelve paces away from you on account of them. Suddenly I heard a whistle blow on my left and heard somebody say "go down." I was standing there looking around but couldn't see anybody. Then I heard the whistle blow a second time. Directly a Captain came up on my left and patted me on the shoulder and says, "Go down! you are right in the Gerry front."

We call them Gerrys over there. Just as he said that a couple of machine gun bullets hit him in the left arm and his rifle fell out of his hand and he went down and says "I am hit." His company was back of him about twenty yards in a sunken hole.

We were up on the bank. The Germans had a couple of machine gun emplacements just about in the shape of an S out in front not very far from where we were. The Captain he rolled back in the sunken hole but I had all this junk on my back and I couldn't do it, and had to stay there. But I went down when the Captain told me to go under the smoke screen, and every once and awhile I could see the German Captain peeping out. They were expecting a skirmish line. I lay there in that "dead place in the ground" as we called it over there, with machine gun bullets and shells hitting all around me. When I went down you see, they thought they had me. They would shoot forty or fifty shots and then you would see the Captain of them stick his head up over the trench. I laid there and thought a long time. I had a couple of guns, a couple of revolvers, and my rifle, with a bayonet on the end of it, and I had seven hand grenades, had five of them in a bandolier kindly around me and two in my pocket. They were sweeping No Man's Land all the time with their guns. They had a couple of machine guns. I won't say it was fifteen minutes, it seemed like an hour to me, with their machine gun bullets I could feel them going into this pack on my back and now and then glancing that steel hat, and the commander every now and then peeping over to see if we were coming out. I thought about the old man at home. I have only one brother and I was thinking about him. I thought "they have got me, but I will die before I will give up." All the time I was trying to get this stuff on my back off of me so I could roll back like the Captain did. I took out three of these hand grenades, and I "scroched" back in that little hole behind me—my rifle and bayonet was three feet from me where I could get my hands on them. I pulled the pin out of one of them hand grenades. They wasn't over twenty feet away from me where they were operating their machine guns. So I pulled the pin out of one of them and held it in my hand. You didn't have but about five and a half seconds to hold it. Nobody had time to pick it up after you threw it down. I raised up and could see the man at the gun raise up and look over at me. I delivered him the hand grenade and he might have fired a half dozen times, but when that went in there, there was not any more firing not another one. Instead of going to the sunken hole, I went in after them with my bayonet. It wasn't nerve that done it; it was ignorance. You can guess when I met at the end of the little trench coming out. I reached up and caught one over the "left eye; maybe I reached down after one of them. I won't say for certain, but I walked up with the bayonet on my gun. I didn't say halt, or anything like that. I found some of them leaning up against what they call the fire shaft. I got three of them with that hand grenade. What could I look like when I got back? I was feeling very sick and bloody all over.

After I went back the Captain tried to get me to go to the back lines with him, but I didn't do it. I got a crippled Sergeant to take the Captain back. I says, "Captain, I'm going ahead if I don't get back, luck to you." He says "What is your name?" "Pete McCoy," says I and gave him the number of my outfit.

I went on further into No Man's Land and directly I came across a German dugout, and I heard a noise down in there like men talking. I followed for them to come out. They didn't come. I delivered them a smoke bomb, and when I landed it down in there they came. They wanted to come two at a time. I was standing there at the entrance with my gun on the side, and if they had come up armed I didn't aim to let them come out. I would make him stop when he got up and pull his coat back and make him throw his knife and everything he had down. Then I would line him with his back to me. About the tenth one that came up had his gun. I tried to get him to unbutton his coat and he didn't want to do it. I just gave him a little stroke with the butt of my gun. He commenced tearing his coat open. One of the other Germans came back and jerked his gun off and told him to come on. I suppose I could not understand him. Anyhow he went with them. About the time I got them all out, one of my officers came up and says: "Are they all out?" I said, "Yes, I think so."

When it was all over I had killed seven and captured seventeen. I goes on fighting and we kept driving up until the 13th of October, when they got me. I went through them all up to that time, and then I had to be taken to the hospital. I went over the top nine times.

SATISFY!

—what the deuce does that mean?

It means that NEW thing in a cigarette, that does for your smoke-hunger exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do more than please the taste—it must "touch the smoke-spot."

That's what Chesterfields do. They let you know you are smoking—they SATISFY.

And here's why—Chesterfields have body. The finer, silkier leaves of TURKISH have been properly blended with several varieties of the best DOMESTIC tobaccos, famous for their full-bodied flavor.

SATISFY is something that no cigarette, except Chesterfields, can give you—regardless of price. Because no cigarette maker can copy the Chesterfield blend.

Say "Chesterfield" to your dealer.

ANNOUNCEMENTS.

We are authorized to announce E. H. SHANNON, of Lawrence-oo, as a candidate for Representative in the Legislature from the district composed of Lawrence and Elliott counties, subject to the action of the Democratic party at the primary in August, 1919.

For State Senate.

We are authorized to announce Hon. BRIG H. HARRIS, of Boyd county, as a candidate for the State Senate from the district composed of Boyd, Lawrence, Johnson and Martin counties, subject to the action of the Republican party.

Air craft of the three most different types have succeeded in crossing the Atlantic ocean within the past few weeks, thus making a most important epoch in the history of the world. It is predicted that within two years airplanes will be crossing the ocean regularly, carrying mail and probably passengers. This is a wonderful age in which we are living.

We notice that the Ohio board of censors is hesitating about "passing" the pictures of the prize fight that took place at Toledo last Friday. Their inconsistency is amusing. They are giving their approval almost every day to pictures more degrading than a prize fight—and we are not a "fight fan" either. Some of the stuff that has the stamp of approval of the "Ohio Board of Censors" would make any pugilist blush with shame.

The fellow who howls about prohibition interfering with his personal liberty forgets that every law on the statute books with any penalty to it interferes with somebody's "liberty." Suppose the fellow who wants to commit murder and robbery would make a noise about the law hampering his personal liberty! Suppose the burglar howled against the laws made to restrain him. And all the way down the line, if the anarchists, who do not believe in law anyway, should protest against all the statutes that prevent them from doing everything they want to do, would their argument of interfering with personal liberty be taken seriously? No. Liquor has caused more crime than any other one thing, and no government should permit its people to be cursed by it. The United States has come to its senses on the subject at last.

CALOMEL DYNAMITES A SLUGGISH LIVER

CRASHES INTO SOUR BILE. MAKING YOU SICK AND YOU LOSE A DAY'S WORK.

Calomel salivates! Its mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes in contact with sour bile it crashes into it, causing cramping and nausea.
If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.
If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

BLACK IS A WINNER

It is generally conceded that Governor James D. Black will be an easy winner of the democratic nomination for Governor in the August Primary.

The people are for him.
He is the logical candidate. His great service to the ticket in 1915 should not go unrewarded.
He is 10000 votes stronger than any other candidate.
In 1915 he reduced the republican majority in 35 counties in Eastern Kentucky, nearly 5000 votes.
His majority over his opponent was from 4000 to 8000 more than the majority of the other members of the ticket over their respective opponents.
He is the best campaigner, the best debator, the most pleasing speaker, by far, of any candidate offering for Governor on the democratic ticket.
In him, Democracy has an invincible champion.

He's a Winner—Vote For Him and Democratic Success in November!

ANOTHER LOUISA CASE

IT PROVES THAT THERE'S A WAY OUT FOR MANY SUFFERING LOUISA FOLKS.

Just another report of a case in Louisa. Another typical case. Kidney ailments relieved in Louisa with Doan's Kidney Pills.
J. B. Peters, prop. hardware store, Lock Ave., says: "I was in constant misery whether walking, sitting or bending over, on account of my back. When I attempted to rise after sitting down, my back felt weak and sharp pains shot through my kidneys. Rheumatic pains seemed to be all over my body, but particularly in my knees, hips and joints. The kidney secretions were irregular in passage and highly colored. I was languid, discouraged and run down in health. Doan's Kidney Pills did me a lot of good and after taking four boxes, which I purchased at Louisa Drug Co.'s Store, I felt as if I had a new pair of kidneys. All the pains were removed." (Statement given June 28, 1908).
On December 1, 1916, Mr. Peters said: "Although I have very little trouble with my kidneys now I find it necessary to take Doan's Kidney Pills once in awhile. I always got the same good results."

HERBERT O. CHAMBERS, Pastor.

On Tuesday of last week the pastor journeyed to Columbus, Ohio. Here the Methodists of America are celebrating one hundred years of Methodist missions in America. A great exposition is in progress. And an exposition ever held has combined more instruction and inspiration than this one. It marks an epoch in church history. One feels after having spent a few days here that he has touched the past and reached into the future in a new sense. Viewing this exposition one goes forth feeling that he has gained many things which will inspire and empower for a life time. Under a special debt of gratitude the pastor rests to that aged brother in Zion who made generous financial provision for this trip.

At the Fourth Quarterly conference recently held the following were elected stewards for the ensuing year: T. S. Thompson, M. F. Conley, F. H. Yates, W. E. Queen, G. W. Castle, F. T. D. Wallace Jr., A. M. Hughes, G. J. Carter, F. L. Stewart. Augustus Snyder was elected Supt. of Sunday school.

In our church stewards and the Superintendents of Sunday schools are elected yearly, upon the nomination of the pastor.

The Sunday School honor roll for the third quarter contained the following names:

Class No. 1.—Prof. Kennison, Teacher—M. G. Berry, G. J. Carter, J. K. Fuller, Earl Justice, T. S. Thompson.

Class No. 2.—Mrs. A. Snyder, Teacher.

HOME CIRCLE COLUMN

CREDIT SYSTEM.

The credit system is one of the greatest evils that the laboring man has to contend with. It tempts him with its alluring offers, he eagerly seizes the deceptive bait, and chains himself—a slave. He can build a fine house, or build a fancy carriage, own a new piano like neighbor Bs, by simply giving his note to be paid next year, when his crops will perhaps be better, and the desire overrules his better judgment. In an evil hour he allows the trap to be sprung upon him. With a load of interest bearing upon him he struggles on, growing fainter and fainter beneath the burden, and when the time of payment arrives he is not better able to pay the debt, than he was the day it was contracted. The interest eats into his prosperity like a corroding cancer, and gradually takes everything he can earn above what is absolutely necessary for his family. The financial horizon looms up dark and threatening. A hour of adversity happens and then the crash comes. His property is sold under the hammer at less than half its value, and he is turned out upon a cold world, penniless and destitute. In many instances the shock of transition from affluence to pauperism is more than his mind can bear, and he finds relief in a suicide's grave.

BE NATURAL.

Heaven help the man who imagines he can dodge enemies by trying to please everybody. If such an individual ever succeeds, pass him over this way that we may have one look at his mortal remains ere he vanishes away, for surely this earth cannot be his abiding place. Now we do not infer that one should be going through this world trying to find beams to knock and thump his head against, disputing every man's opinion, fighting and elbowing and crowding all who differ from him. That, again, is another extreme. Other people have their opinions, so have you. Don't fall into the error of supposing they will respect you more for turning your coat every day, to match the color of theirs. Wear your own clothes in spite of wind and weather, storms and sunshining. It costs the irresolute ten times the trouble to wind, and shuffle, and twist than it does honest manly independence to stand.

HOW TO BE MISERABLE.

In the first place, if you want to be miserable, be selfish, think all the time of yourself and of your own things. Don't care for anybody else. Have no feeling for anybody but yourself. Never think of enjoying the satisfaction of seeing others happy, but

rather, if you see a smiling face, be jealous lest another should enjoy what you have not. Envy every one who is better off in any respect than yourself; think unkindly toward them and speak lightly of them. Be constantly afraid lest some one should encroach upon your rights; be watchful of it and if any one comes near your things, snap at him like a dog. Contend earnestly for everything that is your own, though it may not be worth a pin, for your "rights" are just as much concerned as though it were a pound of gold. Never yield a point. Be very sensitive, and take everything that is said to you in playfulness, in the most serious manner. Be jealous of your friends lest they should not think enough of you; and if at any time they should seem to neglect you, put the worst construction upon their conduct

you can. Thus you will keep yourself unhappy.

Sorrow came to you yesterday and emptied your home. Your first impulse now is to give up and sit down in despair amid the wrecks of your hopes. But you dare not do it. You are in the line of battles and the crisis is at hand. To falter a moment would be to imperil some holy interest. Other lives would be harmed by your pausing. You must not linger, even to indulge in your grief. Sorrows are but incidents in life and must not interrupt us. We must leave them behind while we press on to the things that are before. Then God has so ordered that in pressing on in duty we shall find the truest, noblest comfort for ourselves. Sitting down to brood over our sorrows, the darkness deepened,

creeps into our heart and our strength changes to weakness. But, if we turn away from the gloom and take up the duties and tasks to which God calls us, the light will come again and we will grow.

When all our hopes are gone, "Tis well our hands must still keep tolling on for other's sake. For strength to bear is found in duty done, And he is blest who learns to make The joy of others cure his own heartache.

A touch of kindness in this busy rush, A proffered hand to help us fight the crush, A cheerful word that smooths a heavy heart— Have you these small things assumed your part?

The best paper is none too good for our community. But to make it the best each and every one should feel a personal interest in it.

WHEN DREAMS COME TRUE.

Last night as I slept I dreamed That years had slipped away, Until I was just a boy again With nothing to do but play. A child again mid sunshine and flowers All the world was filled with bliss; Again I had a father's love And the joy of a mother's kiss. But in the morn I lost my dream, It ended as all dreams do; But, oh! that I could dream again And that my dreams were true.

Again I slept—and dreamed once more That I was young and strong, And once again I had my friends Who had vanished all along. And life was full and busy And sweet with its labor of love, And strong was my faith in my Master As I lifted my eyes above.

Again I had my visions, And dreams as young folks do, They vanished away at the coming of day.

I awoke—my dream was not true. When my hair is all streaked with silver And my body twisted with pain, And I've done the work assigned me, I'm going to sleep again.

Sleep and dream till morning, When Jesus shall call for his own, My friends and youth, life and truth And vision shall be mine again. When life will be filled with beauty And the world will be clean and new, When I awake in His likeness In a land where my dreams come true.

—BERNARD SPENCER, Garrett, Ky.

LEDOCIO AND ADAMS.

News reached here Sunday afternoon of the death of Rev. J. S. Thompson, who died at the home of his son, Tom, of Cherokee. The news came as no surprise to his many friends here as his death had been expected for several days. Uncle Jack, as he was usually called, was 87 years old. He leaves several grown up boys and girls to mourn the loss of a dear father, one who died in the full faith of living again in that house not made with hands. Weep not as those who have no hope, but prepare to meet your God in the last day when the dead and Christ shall rise, you shall see father, mother and loved ones gone on before, there to live with them forever, never more to speak the sad good-byes.

On last Wednesday evening Mr. and Mrs. Mart Hayes served ice cream to several people.

Willie Estep decided he was tired of single life, so on July 3rd he was united in marriage to Miss Dora Spencer, of Noris. They are industrious young people and their many friends wish them success and a happy pathway through life.

Mrs. L. B. Hayes spent Saturday with Mrs. A. L. Moore. Mrs. A. H. Moore and two daughters are down from Regina visiting friends. Farmers are getting along quite well with their crops. Some have begun to lay by.

Mr. and Mrs. Dave Cordle, of Columbus, Ohio, are here the guests of her parents.

Mrs. Scott Thompson, of Georges Creek, was the week-end guest of Mr. and Mrs. F. W. Thompson.

Mrs. Elva Sammons, of Griffith's Creek, was the week-end guest of her parents, Mr. and Mrs. J. S. Miller, of Ledocio.

Serious Trifles

Constipation. You thought at first it did not amount to much. You regarded it as just a "trifle"—paid no attention to it. But one day you woke up to the fact that the "trifle" had become "serious."

Perhaps you had a nervous breakdown, or narrowly escaped one. Or the doctors found High Blood Pressure, maybe Hardening of the Arteries (Arterio Sclerosis). Quite likely, Rheumatic attacks. Whatever it was, more than likely, the one cause back of it all was Constipation.

Constipation is a Serious Trifle. Because it is so easy to neglect it, and the consequences are so serious.

Devonia, the American Medicinal Mineral Water, is "first aid" to bringing the bowels back to natural action.

It is not habit-forming. The bowels do not come to depend upon it, as they do with pills, castor oil, oils, and the like. It loosens the retained food waste which has poisoned your system and removes it gently but thoroughly from the bowels. It gives a healthful stimulus to affected organs and assists them to perform their natural functions. In these ways, it restores health and prolongs life.

Devonia comes to you just as Mother Nature made it in her wonderful laboratory a thousand feet under ground. It is not condensed, added to, or changed in any way. So potent are its virtues that a tablespoonful in a glass of water is usually a sufficient amount to take at one time.

One reason why Devonia is approved by physicians is that it is not a drastic cathartic.

It is to be had at almost every drug store.

SUGGESTION: You who are suffering from Constipation, even in a chronic form, should drink Devonia. If you want to know more about it, and why Constipation is so serious, send for our booklet "Serious Trifles." It tells you what physicians say about Constipation and its serious consequences. It is free.

Take a Tablespoonful of Devonia to a Glassful of water.

PIKEVILLE

Honor Heroes in Pikeville.

Many thousands people, representing every section of the Big Sandy, celebrated the Fourth here. A parade, headed by soldiers, in which were many beautiful floats with a tank bringing up the rear, formed at the public square and led the way to the college grounds, where the day's programme was rendered. Many contests in first aid were held by teams for various mining centers. The McKinney Steel Company won first prize.

A beautiful arch had been erected on College street in honor of returning soldiers and in memory of those who made the supreme sacrifice. Many Pike county soldier boys marched under this arch. Pete McCoy, of Thomas, Ky., received an ovation when he appeared before the vast crowd. He was sick, and Dr. Record told his story.

War Tank Falls.

Sergt. Ulmer, of Columbus, Ohio, while unloading a 12,000 pound tank used here in the celebration of the Fourth, shifted it too near the edge of the car and it fell from the car, turning upside down. The sergeant, who was inside, came out without a scratch.

Dean of College.

Professor John L. Bosley, formerly of Paris, now of Winchester, has accepted the position of dean of the Pikeville College for the ensuing year. A campaign is being made to raise \$250,000 additional endowment for the school, and this work will require the absence of the president, Dr. Record, most of the time.

Masonic Banquet.

Owing to the death of Mrs. Ashley's grandmother, Rev. T. B. Ashley and family, Miss Elizabeth Michael and Miss Anna Thernbury, who were to leave Friday morning, did not go until Saturday.

Record Haul from the Moonshiners.

The moonshiners of the mountains of Kentucky have been feeling the heavy hand of the law. Deputy Collectors Cornett and Elswick arrived here from a haul which they recently made in the three counties of Pike, Letcher and Knott. Their report filed with the U. S. Commissioner shows that during the month of June they captured fifteen moonshine stills with capacities ranging from 30 to 80 gallons. Uncle Sam will hereafter add extra help to enforce the dry laws throughout the country.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

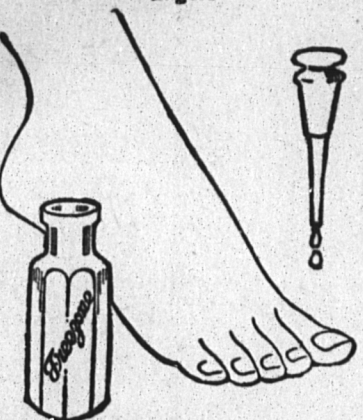

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui. I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Shooting at Circus.

Henry Brewster was shot in the hip by officers at the circus here last week. He was recently placed in the county jail with a heavy fine for gaming done before he became a soldier. Some of our good citizens thought his fine ought to be remitted on account of his services in France and petitioned the Governor to pardon him while the officers had remitted their part of the fine. It was done and the good citizens of the town are now grieved that Private Brewster did not make better use of his liberty and begin a better life. It seems that Chief of Police B. Howard was attempting to arrest him for being in an intoxicated condition when he and several of his friends made resistance.

THE LOBACO COMPANY — LOUISA, KY.

INEZ ITEMS

The Fourth of July has passed into history as one of the greatest days Inez ever had. On the evening of July 3rd an excellent address was given in the court house by Rev. Reeves, of Ashland, who, with Mr. Hall, of the Ashland Y. M. C. A., came to help make the day a success.

The members of the Womens Civic Club were at the court house early on July Fourth to arrange the court room and receive the food which had been provided by the people of Inez for the soldiers' dinner.

The program began at 10:30 a. m. when everybody sang "America." Prayer was then offered by Dr. J. R. Fairchild. Mr. Hall then led the crowd in singing the "Star Spangled Banner" while the soldiers stood at attention.

The address of welcome was given by Dr. Fairchild and was a masterpiece in making everyone feel at home. The address of the morning was given by Rev. Reeves and was heartily applauded.

The program was interspersed throughout the day by singing the songs that the boys learned in camp, led by Mr. Hall. This was greatly enjoyed by the civilians who had never heard them sing.

The dinner took place at noon when the soldiers of the civil war, ten or twelve in number, three Spanish-American wars, and about sixty boys of the world war assembled in the court room where they were served with the following: Chicken, Maryland style, browned new potatoes, green beans, beet pickles, light bread, ice cream, cake and coffee.

Immediately following the dinner there was a parade by the soldiers, which was probably the most interesting event of the day. The old soldiers of the Civil war acted as escort and all were heartily cheered along the way. After the parade the program was continued. The beautiful memorial tribute for those who lost their lives in the war was given by County Attorney J. B. Clark. Short

speeches were made by Judge McCoy and Judge Kirk, veterans of the Civil war, and by 2nd Lieut. Jasper Preece of the world war. A beautiful tribute was paid to Judge J. D. Kirk by Mr. W. R. McCoy, on account of his long service as a county official and also as a gallant soldier in the army.

The program was closed by a flag drill given by the young ladies of Inez who had been carefully drilled by Mrs. L. Dempsey.

After a few words by Mr. Hall, the people were dismissed.

A twilight service was held in the court yard by Rev. Reeves and the long anticipated day was over.

Through a mistake in reading the posters, the idea was gotten through the county that dinner would be free for every one, but it was free just for the soldiers. No one came, but what could have brought a lunch along and so have made the day for them much pleasant.
